Exemptions relating to financial statements.

3. Without prejudice to the obligation to maintain financial statements at section 16(1)(b) of the Ordinance, a voluntarily registered organisation is exempt from the obligation within that section to file annual financial statements with the Registrar.

PART II

GOVERNANCE OBLIGATIONS FOR REGISTERED ORGANISATIONS: GENERAL

Constitutional documents.

4. (1) Subject to the provisions of this regulation, a registered organisation must have a written constitution or other governing document that makes provision for the matters set out in the Schedule ("the required information").

(2) For the purposes of paragraph (1), the required information may be contained in more than one governing document, and in those circumstances all such governing documents are included in references in these regulations to a governing document of a registered organisation.

(3) A registered organisation must –

- (a) provide a copy of its constitution or other governing document to the Registrar when applying for registration, and
- (b) notify the Registrar of any change to the constitution or other governing document provided under subparagraph (a), within 21 days of the change occurring.

(4) References in these regulations to the members, boards and named officers of registered organisations include trustees, committee members or any other parties howsoever described whose functions, powers and duties correspond to those ascribed to members, boards and named officers in these regulations.

(5) Where a registered organisation is an organisation within section 16(2C) of the Ordinance ("**a local branch**") –

(a) references to a constitution or other governing document include the constitution or other governing document of its British parent organisation ("**the parent constitution**"),

(b) subject to any relevant direction made under this regulation, the local branch is only required to have a governing document in addition to the parent constitution to the extent necessary to make provision for any aspects of the required information for which provision is not made within the parent constitution, and

(c) the Registrar may direct that the required information or any part of the required information is modified or disapplied in relation to a local branch.

(6) Where a registered organisation notifies the Registrar that –

(a) an aspect of the required information ("**the relevant aspect**") is not permitted by the terms of any statute, deed, or other instrument that is applicable to the registered organisation on the date on which these regulations come into force ("**the conflicting requirement**"), and

- (b) it does not have the power to remove, amend or otherwise modify the conflicting requirement so as to permit compliance with the relevant aspect,

the Registrar may direct that the relevant aspect does not apply to the registered organisation for as long as the conflicting requirement remains applicable to it.

(7) Without prejudice to paragraphs 5 and 6, where a registered organisation is administered, directed or controlled by a corporate services provider in its capacity as such –

- (a) paragraphs 13, 14(a) and 15 to 18 of the Schedule do not apply, and
- (b) references to the board or to members of the board elsewhere in these regulations are to be read as references to the corporate services provider in question.

Record keeping etc.

5. (1) Without prejudice to the record keeping obligations at section 16 of the Ordinance, a registered organisation must make, keep and retain records in respect of the following matters –

- (a) the names and principal residential addresses of its board members,

(3) Any contract between a registered organisation and –

- (a) an international partner, or
- (b) any other affiliated organisation,

is a contract within these regulations.

- (b) subject to paragraphs (5) and (6), must be made available to any member of the registered organisation upon request.

(6) Nothing in paragraphs (4) and (5) prejudices any obligation or prohibition in respect of the provision of information that exists apart from these Regulations, whether imposed by statute, contract or otherwise.

Financial probity and transparency.

6. (1) A registered organisation must put in place measures to ensure its financial probity and the transparency of its dealings to its members or other interested parties as appropriate, which include –

- (a) a requirement for all funds given to or received from the registered organisation to pass, so far as is reasonably possible, through its bank account (and

where this is not possible, for this fact and the reason why it was not possible to be recorded), other than funds which –

- (i) do not exceed a total of £1,000 in any twelve-month period, and
 - (ii) which comprise payments made or received wholly within the Bailiwick in respect of purchases or other payments that are ancillary or incidental to the purpose of the registered organisation,
- (b) subject to paragraph (7), measures to ensure that the involvement of at least two unconnected individuals is required for the release of funds,
- (c) measures to ensure that –
- (i) as far as is reasonably possible, and subject to paragraph (4), assets of the registered organisation are kept separate from those of any third party (including a member of the registered organisation itself), and
 - (ii) as far as is reasonably possible, and without prejudice to sub-paragraph (d), where a member of a registered organisation provides funds to or for the benefit of the registered

organisation or its activities, details of that fact and any repayment to the member in question are clearly stated in, and apparent from, the records of the registered organisation,

- (d) the adoption of policies and procedures which follow accepted principles of accounting and control, which are compliant with the record keeping obligations under these regulations or any other applicable legal obligations, and which include provision for the availability to the board of financial information, and
- (e) subject to paragraphs (2), (3) and (6), and only if the Committee so directs, making its most recent annual financial statement publicly available.

(2) The obligation at sub-paragraph (1)(e) does not apply to a registered organisation that does not solicit or accept donations, funds or contributions from the public.

(3) The obligation at sub-paragraph (1)(e) is subject to the provisions governing the disclosure of information at regulation 5(5) and (6).

(4) Subparagraph (1)(c)(i) does not preclude a member of a registered organisation from paying cash received on behalf of the registered organisation into the bank account of a third party (including for the avoidance of doubt the personal account of the member concerned), provided that –

- (a) this is done with the intention of protecting the

financial interests of the registered organisation,

(b) a managing official of the registered organisation who is unconnected to the member concerned has consented to this, and

(c) the payment does not exceed £1,000.

(5) The obligations at paragraph (1)(d) do not apply to a voluntarily registered organisation.

(6) A direction under paragraph (1)(e) may apply to a particular registered organisation, or class of registered organisation, and may be subject to such conditions as the Committee thinks fit.

(7) The obligation at paragraph (1) (b) does not apply to payments in excess of an amount ("**the payment threshold** ") that has previously been specified by a registered organisation for this purpose, provided that –

(a) in specifying the payment threshold, the registered organisation has taken into account the risks of its payments being used for the criminal purposes applicable to it under regulation 7,

(b) the registered organisation considers the payment threshold to be a *de minimis* amount that is proportionate to the risks referred to in sub-paragraph (a), and

(c) the Registrar –

- (i) has been notified of the payment threshold, and
- (ii) has not notified the registered organisation that he or she objects to the payment threshold on the grounds that it is not a *de minimis* amount that is proportionate to the risks referred to in sub-paragraph (a).

PART III

GOVERNANCE OBLIGATIONS FOR REGISTERED ORGANISATIONS: RISK MITIGATION

General obligation to mitigate risks.

7. (1) Subject to paragraph (2), in this Part "**criminal purposes**" means the financing of terrorism, money laundering, fraud, bribery and corruption.

(2) Criminal purposes do not include the financing of terrorism in the case of a registered organisation that does not carry out international activity or only provides funds or other assets or forms of assistance to an organisation that is registered with the Charity Commission for England and Wales, the Scottish Charity Regulator, or the corresponding authorities in Jersey and the Isle of Man ("**British registered organisation**").

(3) A registered organisation must put in place all necessary internal or other controls to ensure that neither it, nor its activities, can be used for criminal purposes.

(4) The controls referred to at paragraph (3) include the measures at regulations (8) to (11) where applicable, and such other measures are necessary to

ensure that –

- (a) the funds or other assets of the registered organisation are fully accounted for,
- (b) the funds or other assets of the registered organisation are used in a manner consistent with its purpose, mission and objectives,
- (c) the registered organisation fulfils all other obligations under its constitution or other governing document, if applicable, and
- (d) the registered organisation discharges any legal obligations to which it is subject.

Identification measures.

8. (1) Subject to paragraph (2), a registered organisation must take such steps as are reasonable in all the circumstances to establish, and document –

- (a) unless the Registrar otherwise directs in the case of a British registered organisation, the identity, credentials, *bona fides* and good standing of –
 - (i) any British registered organisation to or from whom the registered organisation provides or receives funds or other assets or forms of assistance, and

- (ii) any international partner,
 - (b) the identity of any person other than a British registered organisation or an international partner making a donation –
 - (i) from outside the Bailiwick of a significant amount, or
 - (ii) which the registered organisation considers to be unusual, whether because of its origin, nature or otherwise, and
 - (c) the identity, credentials, *bona fides* and good standing of any person other than a British registered organisation or an international partner to which the registered organisation provides funds or other assets or forms of assistance if –
 - (i) the person in question is outside the Bailiwick and the funds or other assets or forms of assistance provided are significant, or
 - (ii) the provision of funds or other assets or forms of assistance is requested in a way which the registered organisation considers to be unusual, whether because of the circumstances or nature of the request, or otherwise.
- (2) The identification measures at paragraph (1) –

- (a) do not apply to a government body (which for these purposes includes Chief Pleas in the same way as it includes the States and the States of Alderney), and
 - (b) in the case of a British registered organisation, are met by confirming that it is registered on the register in question.
- (3) For the purposes of paragraph (1) –
- (a) donations, funds or other assets or forms of assistance are significant if they comprise –
 - (i) monetary payments that exceed £15,000 in any given year (whether they are made in the form of a single transaction or in a series of transactions), or
 - (ii) items donated as a single transaction or as part of a series of transactions in any given year that are tradable on an open market and it is readily apparent that their value on that market at the time when the donation or distribution is made exceeds £15,000, or would exceed £15,000 if assessed collectively with other items donated in the same year,
 - (b) where a party to whom the measures at paragraph (1)

apply is an entity other than an entity within paragraph (4), a registered organisation should take such steps as are reasonable in all the circumstances to apply the measures at paragraph (1) to the individuals who own or control the entity, and

- (c) the establishment of the credentials and good standing of a person includes consideration, as far as reasonably possible, of whether there is reason to believe that the person, or, in the case of an entity, any individual who owns or controls the entity, would intentionally or inadvertently apply any funds or assets or other form of assistance received for criminal purposes, or enable another person to do so.
- (4) An entity is within this paragraph if it is –
 - (a) a Guernsey legal person,
 - (b) an Alderney company,
 - (c) licensed by, or registered with, the Commission,
 - (d) administered by a corporate services provider, or
 - (e) a company listed on a recognised stock exchange within the meaning of the Beneficial Ownership

(Definition) Regulations, 2017^b, or a majority subsidiary of such a company.

(5) The identification measures at paragraph (1) should be taken before accepting a donation or providing funds or other assets or forms of assistance, as the case may be (or, where it is not reasonably practicable to do so, as soon as possible thereafter).

(6) Where a registered organisation is unable to carry out the identification measures required by this regulation, or as a result of carrying out those measures has concerns about the risks of it, or its activities, being used for criminal purposes, it should put in place such measures as are reasonable in all the circumstances to mitigate those risks, whether by refusing to accept a donation, deciding not to provide the funds or other assets or forms of assistance, or otherwise.

(7) A registered organisation must record in a register –

- (a) the names and location of any persons in respect of whom it takes identification measures under paragraph (1),
- (b) the amount of any donation received from, or funds or other assets or form of assistance provided to, that person as the case may be, and
- (c) if applicable, a summary of –

^b G.S.I. No. 38 of 2017. This enactment has been amended.

- (i) the information verifying the credentials, *bona fides* and good standing of that person, and
- (ii) any measures taken to mitigate the risks associated with receiving a donation from, or providing funds or other assets or form of assistance to, that person as the case may be.

Anti-financial crime policy.

9. (1) A registered organisation that carries out international activity and is not a local branch must have a written policy ("**anti-financial crime policy**") that addresses the risks to the registered organisation of it, or its activities, being used for criminal purposes.

(2) For the avoidance of doubt, addressing the risks referred to in paragraph (1) includes addressing such risks in dealing with an international partner.

(3) A registered organisation that is obliged to have an anti-financial crime policy by virtue of paragraph (1) must provide a copy to the Registrar when applying for registration.

International partners.

10. (1) Subject to paragraph (4), for the purposes of these Regulations an "**international partner**" is an affiliated organisation or any other entity or individual with which a registered organisation has arrangements in place for the purposes of providing funds or other assets or other forms of assistance outside the Bailiwick.

(2) A registered organisation must put in place such procedures and controls in respect of its dealings with any international partner as are reasonable in all the circumstances for the purposes of preventing the registered organisation or its activities being used for criminal purposes as a result of those dealings.

(3) For the avoidance of doubt, the measures referred to in paragraph (2) may include a decision not to have any, or any further, dealings with an international partner.

(4) An international partner does not include a British registered organisation.

Reviews etc.

11. (1) A registered organisation must -
- (a) review annually its compliance with –
 - (i) the obligations applicable to it under the Ordinance and these regulations ("legal obligations"), and
 - (ii) its anti-financial crime policy, if applicable,
 - (b) where it identifies any failure of compliance with legal obligations or with its anti-financial crime policy if applicable (whether as a result of a review carried out under this regulation or otherwise), put in place any necessary mitigating measures,

- (c) review periodically, and update as necessary, its constitution or other governance document and its anti-financial crime policy if applicable, and
- (d) record the findings of the reviews referred to in this regulation and any actions taken as a result in the records of the registered organisation.

PART IV GENERAL PROVISIONS

Specified amount.

12. The specified amount for the purposes of the reporting obligation at section 18 of the Ordinance is £100,000.

Enforcement.

13. (1) Section 23 of the Ordinance applies to a failure by a registered organisation to comply with the duties applicable to it under these Regulations in the same way as it does to failure to comply with any of the duties applicable to it under Part IV or Schedule 6 of the Ordinance.
